

LIFESTYLE NUTRITION PROGRAM

INTRODUCTION

This is a customized meal plan designed specifically for you. As we progress, I'll make adjustments based on your results, feedback, and overall progress. I'll also introduce different food options so you have variety while learning how to make smart meal substitutions on your own.

I want you to always let me know how these foods make you feel. Whether it's bloating, gas, low energy, hunger, or anything else, communication is extremely important.

If you ever have questions or something doesn't feel right, message me immediately. I'd much rather answer your questions than have you guess. Throughout this process, I'll also teach you how to properly use a food scale so you develop a better understanding of portion sizes and food intake.

CHECK IN INFO

We'll have a weekly FaceTime, phone call, or voice call every **Friday** to review your progress.

Please submit all check-in information by **11:00 AM EST**. Late check-ins may be reviewed the following week.

During each check-in, we'll discuss:

- Progress from the previous week
 - Training performance
 - Nutrition adherence
- Energy, recovery, and digestion

Please make sure you're logging your workouts and weights in the app so I can review your progress.

You'll also need to submit your fasted progress photos and complete the weekly WhatsApp check-in form.

PAYMENT

Payments are due on the agreed upon date. This is non-negotiable unless discussed with me beforehand.

If payment is not made on time and there is no prior communication, you will lose access to the coaching app immediately.

All check-ins, updates, and communication will be paused until payment is completed.

Missed time due to late payment will not be made up or extended on your plan.

If you are having any issues, communicate with me ahead of time so we can handle it properly.

ANTMANFITNESS MEAL PLAN GUIDE

Initially, we will not be incorporating cheat meals, so please don't ask for one early on. If and when I decide it's appropriate, I'll add them to your plan.

I highly recommend using zero-calorie condiments whenever possible. A list of approved options is included later in this guide.

Aim to drink at least 16 ounces of water with every meal, with a daily goal of 1 gallon (128 oz).

Cook all chicken by grilling, baking, or air frying.

When eating whole eggs, make sure you consume the yolk as well. Egg yolks contain healthy fats along with important vitamins and nutrients.

If you enjoy over-easy eggs, make sure you eat the entire yolk.

DAILY BEVERAGES

Certain sugar-free sweeteners, drinks, coffee, and diet sodas can affect digestion and gut health during prep.

That's why I give you specific options and amounts. If you're unsure about something, just ask me first.

Amount Per Day:

- 1-2 Coffee Per Day
- Limit Calorie Free Sweetener
- 1-2 Diet Sodas/Drinks Allowed Per Day

WATER INTAKE DAILY

Staying hydrated throughout the day helps support digestion, energy, and recovery. Sip water steadily all day instead of waiting until you feel thirsty.

Amount Water:

1.5 Gallons Daily

8/16 Ounces per meal or 36 ounces
in btw meals

Split the total amount through out
the day do not slam water down all
at once sip on it.

UPON WAKING UP

(MAKE THIS INTO ONE DRINK IF POSSIBLE)

1 scoop Good Morning
20 oz water

wait around 30 mins
after the good morning
to have MEAL 1

20 oz water
1 scoop green powder

Take all the vitamins above with
the green drink to get it all out of
the way in one shot.

CHEAT MEAL INSTRUCTIONS

Cheat Meals Each Week: 1

When it comes to cheat meals, I personally recommend having them in two ways. One way is to have it on a rest day towards the night, so you have extra food for the next day. If you train early in the day or even the afternoon, you can fully utilize the food.

The second way is to have it on a day when you need it the most, but after your workout. This way, you can use the food as fuel for your lift.

Types of Cheat Meals

Typically, I recommend opting for a healthier option when it comes to having an extra meal, such as sushi. However, if that's not your preferred choice, another great option would be a burger and fries combo. It's a surprisingly satisfying combination.

Caloric Goal

We'll discuss this section when we introduce cheat meals and make adjustments based on your current goals.

ENERGY DRINK RECOMMENDATION

ALL THESE DRINKS ARE SUGAR-FREE, BUT I ADVISE AGAINST CONSUMING MORE THAN TWO A DAY. ADDITIONALLY, ENSURE THAT THEY ARE CONSUMED EIGHT HOURS APART.

DRINKS:

- ULTRA ZERO MONSTER
- 3D ENERGY DRINK
- GHOST ENERGY DRINK
- C4 ENERGY DRINK
- RYSE ENERGY DRINK
- SUGAR FREE RED BULL

CONDIMENT SHEET

I PERSONALLY USE FRANK'S RED HOT BUFFALO SEASONING ON MY CHICKEN. HOWEVER, YOU CAN USE ANY SEASONING AS LONG AS IT'S ZERO CALORIES (SUGAR SHOULDN'T BE LISTED ANYWHERE ON THE LABEL). I ALSO RECOMMEND LOW-SUGAR KETCHUP IF YOU'RE NOT IN A CONTEST PREP. AS FOR COFFEE, I STRONGLY ENCOURAGE USING TRUVIA AS A SWEETENER. THE COMPANY, WALDEN FARMS, ALSO PRODUCES ZERO-CALORIE SAUCES AND SYRUPS THAT ARE ACCEPTABLE.

IMPORTANT NOTE: CHRONIC USE OF ARTIFICIAL SWEETENERS CAN POTENTIALLY CAUSE DIGESTIVE DISTRESS. WITH THAT IN MIND, PLEASE MAKE SURE TO CYCLE THESE OPTIONS (EVERY THREE WEEKS) TO ALLEVIATE GASTROINTESTINAL PRESSURE.

CONDIMENT SHEET OPTIONS

- Sugar Free Ketchup

- Mustard

- Buffalo Sauce

(check back of bottle to make sure it has no fat)

- GHughes

FlavorGod

- Sriracha

- Tabasco

- Stubbs

- Pico De Gallo/Fresh Salsa

If there is not a sauce I mentioned above
and you are curious if you can have them
please send me a message over text.

DATE NIGHT CHEAT MEAL PROTOCOL

This document will teach you how to plan date night cheat meals typically might be eaten on a date compared the normal burger or sushi free meals

1. **Maintain regular meals until dinner. You would only replace 1 meal (biggest meal)**
2. **Start with a protein-based dish, make small swaps like veggies instead of fries and sauces on the side , and choose one or two indulgences while keeping other items sensible.**
3. **Budget any alcoholic drinks. If drinking, account for those calories and alternate each alcoholic drink with water.**
4. **Return to routine the next day. Have a protein-rich breakfast and resume your normal eating and exercise habits so that one treat doesn't derail weekly progress .**
5. **Be kind to yourself. Enjoy the evening guilt-free—your planned indulgence fits within a balanced lifestyle as long as you get back on track.**

LOW FOD MAP VEGGIES

These are generally easy on digestion (great for bloating-sensitive clients 🙌)

- Greens

- Spinach
- Kale
- Lettuce (all types)
- Arugula

- Crunchy / Light

- Cucumber
- Zucchini
- Carrots
- Bell peppers (all colors)

- Others

- Eggplant
- Green beans
- Tomatoes
