

LIFESTYLE NUTRITION PROGRAM

INTRODUCTION

This is a customized meal plan designed specifically for you. As we progress, I'll make adjustments based on your results, feedback, and overall progress. I'll also introduce different food options so you have variety while learning how to make smart meal substitutions on your own.

I want you to always let me know how these foods make you feel. Whether it's bloating, gas, low energy, hunger, or anything else, communication is extremely important.

If you ever have questions or something doesn't feel right, message me immediately. I'd much rather answer your questions than have you guess. Throughout this process, I'll also teach you how to properly use a food scale so you develop a better understanding of portion sizes and food intake.

CHECK INFO

We will have a simple little
FaceTime/Call/Audio check in
every week on

Saturday.

I will not accept any check in
past 11am EST.

During the check in, we
discuss the past week.

I need you to make sure you
are writing down weights in
the app so I can look them
over when doing my check ins.

I will also need you to submit
fasted pictures plus fill out
the WhatsApp form each
week.

PAYMENT

Payments are due on the agreed upon date. This is non-negotiable unless discussed with me beforehand.

If payment is not made on time and there is no prior communication, you will lose access to the coaching app immediately.

All check-ins, updates, and communication will be paused until payment is completed.

Missed time due to late payment will not be made up or extended on your plan.

If you are having any issues, communicate with me ahead of time so we can handle it properly.

DUE DATE: 1ST OF EACH MONTH

ANTMANFITNESS MEAL PLAN GUIDE

Initially, we will not be incorporating cheat meals, so please don't ask for one early on. If and when I decide it's appropriate, I'll add them to your plan.

I highly recommend using zero-calorie condiments whenever possible. A list of approved options is included later in this guide.

Aim to drink at least 16 ounces of water with every meal, with a daily goal of 1 gallon (128 oz).

Cook all chicken by grilling, baking, or air frying.

When eating whole eggs, make sure you consume the yolk as well. Egg yolks contain healthy fats along with important vitamins and nutrients.

If you enjoy over-easy eggs, make sure you eat the entire yolk.

FREE MEAL INSTRUCTIONS

Free Meals Each Week: 1 *it can change*

When it comes to free meals, I personally recommend having them in two ways. One way is to have them on a rest day in the evening so that you have extra food for the next day. If you train early in the day or even in the afternoon, you can fully utilize the food.

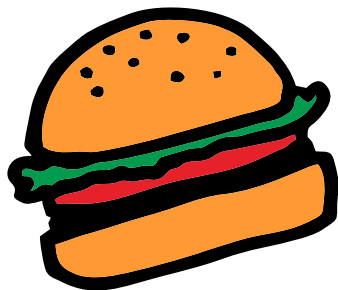

The second way is to have them on a day when you need them the most, but after your workout. This way, you can use the food as fuel for your workout.

Types of Cheat Meals

I usually recommend opting for a healthier choice when it comes to having an extra meal, like sushi.

But if that's not your favorite, another option would be a burger and fries combo. It's a crazy combination that hits the spot.

If you have something else in mind, please message me, and we can discuss it.

DATE NIGHT CHEAT MEAL PROTOCOL

This document will teach you how to plan date night cheat meals typically might be eaten on a date compared the normal burger or sushi free meals

1. **Maintain regular meals until dinner. You would only replace 1 meal (biggest meal)**
2. **Start with a protein-based dish, make small swaps like veggies instead of fries and sauces on the side , and choose one or two indulgences while keeping other items sensible.**
3. **Budget any alcoholic drinks. If drinking, account for those calories and alternate each alcoholic drink with water.**
4. **Return to routine the next day. Have a protein-rich breakfast and resume your normal eating and exercise habits so that one treat doesn't derail weekly progress .**
5. **Be kind to yourself. Enjoy the evening guilt-free—your planned indulgence fits within a balanced lifestyle as long as you get back on track.**

HOW TO BUILD YOUR DAY

THE GOAL IS SIMPLE: HIT YOUR DAILY PROTEIN, CARBS, AND FATS USING FOODS THAT WORK BEST FOR YOUR SCHEDULE, DIGESTION, AND LIFESTYLE.

THERE IS NO REQUIREMENT TO EAT THE SAME MEALS EVERY DAY.

CHOOSE FOODS FROM THE APPROVED FOOD SWAP LIST AND BUILD MEALS AROUND YOUR DAILY MACRO TARGETS.

PRIORITIZE:

- PROTEIN AT EVERY MEAL
- WHOLE FOOD CARBOHYDRATE SOURCES
 - HEALTHY FATS IN MODERATION
- FRUITS AND VEGETABLES YOU DIGEST WELL
- CONSISTENT MEAL TIMING WHEN POSSIBLE

FOR IBS:

FOCUS ON FOODS THAT DIGEST WELL AND LIMIT FOODS THAT CONSISTENTLY CAUSE BLOATING, GAS, OR STOMACH DISCOMFORT. IF A FOOD CAUSES ISSUES, MAKE NOTE OF IT AND WE WILL ADJUST ACCORDINGLY.

HOW TO BUILD YOUR DAY

WHEN EATING OUT:

YOU DO NOT NEED TO AVOID RESTAURANTS.
SIMPLY MAKE THE BEST CHOICE POSSIBLE AND
AIM TO STAY CLOSE TO YOUR MACRO GOALS.
CONSISTENCY BEATS PERFECTION.

REMEMBER:

NO SINGLE MEAL WILL MAKE OR BREAK YOUR
PROGRESS.

YOUR SUCCESS WILL COME FROM:

- HITTING YOUR MACROS CONSISTENTLY
 - TRAINING HARD
 - STAYING HYDRATED
 - MANAGING STRESS
- GETTING ADEQUATE SLEEP

THE GOAL IS TO CREATE HABITS THAT FIT
YOUR LIFE, NOT FORCE YOUR LIFE TO FIT A
MEAL PLAN.
